

CS-302DN | DELEGATE UNIT

Description

CS-302DN RJ45 version adopts the newly developed voice control mode, which enables the participants to start the microphone unit to speak without manual operation and directly speaking to the microphone. It is simple to use and fully applicable to various conference occasions.

Product Specification

Polar Pattern:	Cardioid Condenser
Frequency Response:	50Hz-18KHz
Sensitivity:	50Hz-18KHz
SPL:	105dB(THD<5%, f=1KHz)
S/N (A weighted):	>100dBA(THD<1%, f=1 KHz)
Distortion:	<0.1%
Power Supply:	24V DC(supplied by the receiver)
Maximum Power of Speakers:	1.5W
Power Consumption:	0.8W-2.5W
Phone Connector:	3.5mm jack
Screen Type:	OLED
Unit Interface:	RJ45
The length of microphone(mm):	340/420/480
The size of the microphone base:	182(L)×110 (W)×51(H)
Weight:	Approximately 950g
Color:	Nickel black
